

SPECIALTY GENERATORS & HEATERS

NG GENERATORS AND FLAMELESS HEATERS

Total Oilfield Rentals offers Natural Gas and Diesel Generators, ranging from 50kw to 1000kw. All generators are equipped with cold weather packages to withstand the harsh northern winters. The NG Generators run on wellhead gas, and in the event of gas flow interruption, they are equipped with an automatic dual fuel switch allowing them to operate on propane, ensuring continuous operation.

In addition to Totals generator fleet, we offer Flameless Heaters up to 550,000 BTUhr, and Indirect fire heaters up to 800,000 BTUhr.

All these units are trailer mounted and can be easily and safely transported to site and once there, they will be monitored and serviced by our trained specialists.
